

SANTANU SABATA

Sr. WordPress Developer

PROFILE

I am an experienced WordPress Team Leader with over 9 years of hands-on development experience in building scalable, high-performance websites and eCommerce platforms. I specialize in custom theme and plugin development, WooCommerce solutions, performance optimization, and security best practices.

As a team leader, I focus on code quality, project planning, and mentoring developers while ensuring timely delivery aligned with business goals. I combine technical expertise with strong communication and leadership skills to drive successful project outcomes.

My focus is on strategic planning, team mentorship, and aligning technical execution with business objectives. I believe in fostering collaboration, accountability, and continuous improvement to drive both team performance and project success.
